

2021-22 GOLD CROWN COMPETITIVE BASKETBALL LEAGUE

Elite and Open Divisions - Roster Rules

General Roster Rules:

- A minimum of eight players is required. Teams are allowed a maximum of 12 players on their roster.
- A player's eligibility is based on current school grade, not age.
- Players may "play up" a grade level (seventh graders playing in the eighth grade league, for example), but the league will not allow players to "play down" a level.
- Players are eligible to play on one roster only in the **Elite** Division; regardless of grade, age, gender, etc. However, players are allowed to play on another roster in the Open Division, Gold Division or Silver Division.
- Players are eligible to play on one roster only in the **Open** Division; regardless of grade, age, gender, etc. However, players are allowed to play on another roster in the Elite Division, Gold Division or Silver Division.
- Before a player is allowed to play in the league, the player must be on an official Gold Crown roster; for a player to be eligible for the Postseason Tournament, the player must play in at least two regular season games.
- All teams must submit an official Gold Crown roster prior to their first game. Note: Teams who fail to turn in the appropriate documents prior to their first game, face expulsion from the league.
- No roster changes are allowed after a roster has been submitted. However, if a team needs to make any changes after the deadline, the coach may contact the Gold Crown office to discuss the situation.

NOTE: In some cases, teams may be asked to provide further documentation for verification their roster meets Gold Crown requirements. We will not hesitate to penalize teams that are proven to not honor these rules - teams found in violation of any of the roster rules as outlined above will face forfeiture of games and/or disqualification AND EXPULSION from the league.
