

What Are You Doing Between

Three and Seven?

Don't overthink it. Become a Mentor!

Are you an engineer, artist, tinkerer
creative, or just want to learn new skills and
help youth discover their passions?

The Clubhouse is a free after-school
program where teens can explore
science, technology, and art. We help
youth from all backgrounds become more
capable, creative and confident learners.

Join our creative community and mentor
at the Clubhouse!
