

Hello BC Basketball Families,

Below is information regarding the Basketball player evaluations and tryout process this weekend. We understand that many of the kids may have games in other sports during this time frame. We strongly encourage each player to attend if they are able. Even if it is only for one of the days. We do everything we can to place every registered player on a roster. This weekend allows our coaches and myself to get an idea of the skill level of the kids so we can place them in a position to be successful. Some of our coaches will be looking to fill a position or two on their current roster, others will be getting a look at their team for the first time. It is a camp type atmosphere. There will be drills and skills sessions as well as some game play. Please read the below and let me know if there are any questions.
