

Stuart Eurich Gold Crown

Stuart has been an athletic trainer with Children's Hospital Colorado and Gold Crown for over a year and a half. During this time, he has improved processes at Gold Crown and has eagerly stepped in to support projects across the Sports Medicine Center. He continues to build strong relationships within the Gold Crown community and is a valued presence on the AT Immersion Committee, helping master's students in athletic training gain essential clinical experience at CHCO.

We are grateful to have you on the team, Stuart. Thank you for all that you do!

Sara Altman Edge Soccer Gold Crown

Sara joined the Children's Hospital Colorado Sports Medicine Center as an athletic trainer two and a half years ago. She has been a reliable and consistent presence at both Edge Soccer and Gold Crown, continuing to build strong connections with athletes, coaches, and parents.

In addition to her outreach responsibilities, Sara has been an active member of the Partnership Events Committee and has helped spearhead several key projects within our club settings.

Thank you, Sara, for representing Children's Colorado with excellence and for the outstanding care you provide.
